Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 1600 on Thursday 13 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mainly cloudy on Friday, the odd shower.

This Evening and Tonight:
Any showers, mainly over Perthshire, gradually dying out this evening, some late sunshine in the west. Low cloud becoming more extensive in the east, with a little drizzle possible tonight. Light winds. Minimum temperature 5 deg C (41 deg F).

Friday:
A mostly cloudy day, some patchy light rain at first in the east. Chance of a few sunny intervals, along with very isolated showers. Light winds. Maximum temperature 14 deg C (57 deg F).

Outlook for Saturday to Monday:
Mainly dry on Saturday, only isolated showers. Sunny intervals on Sunday and Monday with scattered heavy showers, chance of some east coast haar.
